Computing – Reception

Unplugged activities will take during the year to embed knowledge ready for Year 1.

Autumn 1

Computer Systems and Networks- Technology around us	• Technology in school are computers, I-Pad, interactive whiteboards, photocopier, printer.

Autumn 2

Creating Media – Using an app	• Technology can be used to create, play and learn.

Spring 1

Data and Information – Collecting and grouping	• Data is a collection of information. • Data can be sorted into groups

Spring 2

Programming – Moving a person	• An **algorithm** is a list of rules or instructions • Debug is when you check for mistakes in your code.

Summer 1

Creating Media – Photos	• Digital content can be pictures • **You can use technology like an Ipad to take photographs**

Summer 2

Programming – writing algorithms (arrows)	• An **algorithm** is a list of rules or instructions • Algorithms need to be written in a special language called **code** so digital devices, can understand them.
